

# MATRIX COMPACT

A new generation of  
secured key control systems

**CONTROL YOUR KEYS**

**PROTECT YOUR ASSETS!**

# MATRIX COMPACT

MATRIX COMPACT is a modular desktop unit with maximum capacity of 384 keys.

The system allows full control of your keys and assets in a way you've never seen before.

Unlike other systems where anyone who opens the front door can tamper or steal any key in the cabinet, MATRIX protects each key in a separate locked compartment with no ability to access without manager permissions.

In addition, every operation made is video recorded for future review.

MATRIX software contains many advanced and unique features allowing you to stay in full control over keys usage in your organisation.

The system arrives with a large 15" touch monitor and voice guidance making the operation extremely easy.

- ✓ *Up to 384 keys*
- ✓ *Sealed compartments*
- ✓ *Video records*
- ✓ *Real time alerts*

- ✓ *Easy to use*
- ✓ *Voice guidance*
- ✓ *Remote connection*
- ✓ *DMS integration*
